

NDIS Support Categories and TJW Fee Schedule

Core Supports

Core Supports help you with everyday activities. Your Core Supports budget is the most flexible, and in most cases you can use your funding across any of the four Core support categories.

- **Assistance with Daily Life** - Support with activities of daily life and short-term accommodation (respite)
- **Transport** - Funding to help you travel to achieve the goals in your plan. Transport funding is paid directly to your bank account.
- **Consumables** - Everyday items such as continence products or low-cost assistive technology to improve your independence.
- **Assistance with Social & Community Participation** - Support to participate in social, recreational or community based activities.

Capital Supports

Capital Supports include higher-cost pieces of assistive technology, home or vehicle modifications, and funding for one-off purchases you may need. Capital Supports funds can only be used for their specific purpose and cannot be used to pay for anything else.

- **Assistive Technology** - Equipment for mobility, personal care, communication and recreational inclusion.
- **Home Modifications** - Modifications or Specialist Disability Accommodation for participants who require special housing due to their disability.

Capacity Building Supports

Capacity Building Supports help build your independence and develop skills to help you reach your long-term goals. Unlike Core Supports, Capacity Building funds cannot be moved from one support category to another.

- **Support Coordination** - A support coordinator can assist you to implement your plan and negotiate with service providers.
- **Improved Living Arrangements** - Support to help you find and maintain an appropriate place to live.
- **Increased Social & Community Participation** - Support to increase your skills so you can participate in social and recreational activities.
- **Finding & Keeping a Job** - Employment-related support, training and assessments that help you find and keep a job.
- **Improved Relationships** - Support to help you develop positive behaviours and interact with others.
- **Improved Health & Wellbeing** - Assistance with exercise or diet advice to manage the impact of your disability.
- **Improved Learning** - Training, advice and help for you to move from school to further education, such as university or TAFE.
- **Improved Life Choices** - Plan management to help you manage your plan, funding and paying for services.
- **Improved Daily Living** - Assessment, training or therapy to help increase your skills, independence and community participation.

The Junction Works' NDIS Fee Schedule

The Junction Works is a registered NDIS Provider.

The Junction Works is committed to working with current and prospective participants and carers to plan and provide a range of quality services that respond to identified goals and support needs. Our Customer Engagement team will develop a Service Agreement with you to ensure you are always clear about the services we have agreed to provide to you.

This fee schedule is not a comprehensive list of all supports available to participants of the NDIS.

If you have any questions regarding specific support items, please contact our Customer Engagement Team for further information on (02) 8777 0500 or email customer@thejunctionworks.org

Notes:

1. Billable hours may include time spent on face to face therapy, research, observation and assessment, carer training, travel and/or report writing (NDIS Price Guide p.13 and 19).
2. Providers may change an establishment fee to NDIS participants in their first plan, where they receive at least 20 hours of personal care/community access support per month (NDIS Price Guide p.24).
3. Providers may negotiate to charge up to four hours for each plan period for time spent documenting proposed supports and expected outcomes (NDIS Price Guide p.30).
4. Eligible providers have access to higher price limits through a Temporary Transformation Payment, identifiable in the NDIS Support Catalogue by the 'T' at the end of relevant Support Item Numbers (NDIS Price Guide p.12)
5. Participants may use Core Supports to pursue recreational and social activities when the cost of participation exceeds an affordable level and presents a risk of social isolation. (NDIS Price Guide p.30)
